

## Orion Collection

*Best value sandwich  
garage door in its class*

**3400 Series**  
25 Gauge / 1½" Sections

### Safety, Durability, Efficiency

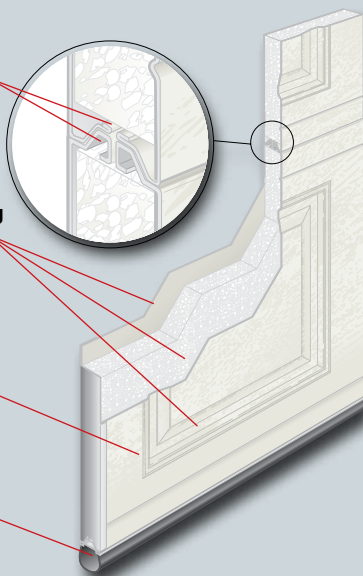

The Hörmann Orion Collection is the best choice if you are looking for an affordable insulated garage door. The virtually maintenance-free Orion **3400 Series** features a steel front and back with a polystyrene core with an R-value of 7.4. The range of options gives you choices to beautify your home while increasing your savings on energy.

Precisely designed thermally broken **tongue and groove section joint** reduces air infiltration and creates weather-tight seal.

The steel front and back 3-layer sandwich construction with **insulating polystyrene core** increases energy savings and provides a very smooth and quiet door operation.

Well-defined panel embossments, easy to clean woodgrain texture, galvanized and **finish painted steel** provide years of trouble-free performance and beauty.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

### Choose your own design

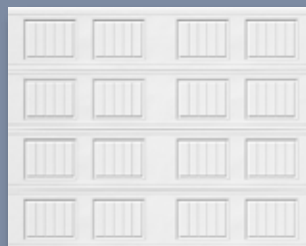

Medley designs also available

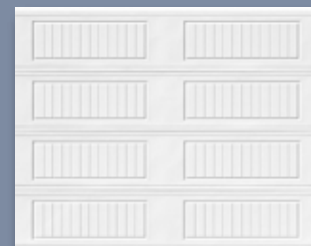

*Traditional*

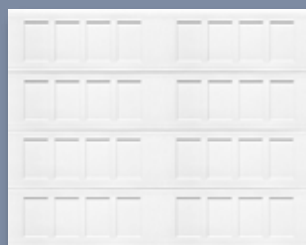

*Ranch*

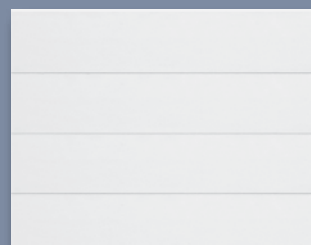

*Country*

*Cottage*

*Shaker*

*Flush*

*Microgroove*

### Safety Bottom Fixture

Hörmann Orion 3400 doors utilize safety fixtures on their bottom sections for added safety for your peace of mind.

### Superior and Safe Windows

Hörmann window insert frames are recessed to the panel surface to give your door a cleaner look. Tempered safety glass panes offer extra layer of safety in case of breakage.

The Orion Collection is now available in door heights up to 14' tall.
