

# Classic Safe 7200

Formerly marketed as **Solaris 7200**

*An exceptional choice  
for contemporary homes*

**1 3/4" Glazed  
Aluminum Sections**

## Modern, Beauty, Safety

The Hörmann Classic Safe 7200 provides a modern look and maximizes the natural light in any garage. The 1 3/4" thick high quality glazing frames in anodized aluminum and wide range of design options have proven a winning combination designed for strength and durability.

Rust proof, smooth and sleek satin finish of clear anodized aluminum glazing frame **enhances the beauty of contemporary design** while providing years of trouble-free performance.

Deep tongue and groove section joint contribute to the door's **excellent strength**. A plethora of high quality seals, spacers and retainers ensure **maximum protection against outside elements** while keeping your garage well insulated.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

## Choose your own design

Clear Anodized Aluminum

Insulated Aluminum Laminate

Polyurethane Insulated Steel Section

## Hörmann Innovations

### FingerGuard™ Pinch Resistant

The FingerGuard™ section joint and hinges provide airtight seal and prevent finger injuries inside and outside.

### Top weather seal

Hörmann's optional top weather seal is made of high quality material to provide an extra peace of mind

### Between Section & Glazing Seals

Factory installed between section weather seal and glazing seal offer maximum protection from the outside elements while further enhancing the insulation properties of a door.
